

Twice-A-Week Visitor
The Semi-Weekly Morning Light carries local, state and world news into thousands of rural homes in Navarro and surrounding counties twice each week. Every worthwhile item of news from every point is thoroughly covered.

Corsicana Semi-Weekly Light

VOL. LIV. CORNICANA, TEXAS, FRIDAY, JANUARY 19, 1940.—EIGHT PAGES. NO. 21.

Fifty Years of Service
The Semi-Weekly Morning Light has been an outstanding progressive newspaper, working for the advancement of the rural communities of Navarro and adjacent counties for more than fifty years. Its success is bound up with the growth of Rural Life.

RUSSIAN FORCES IN RETREAT

STRONG WINDS WHIP COLDEST WEATHER OF YEAR OVER STATE

FOUR ABOVE ZERO REACHED AT SEVERAL POINTS AS BLIZZARD PREVAILS

By The Associated Press
Strong northeast winds whipped near-zero weather into Texas today (Thursday), bringing many sections their lowest temperatures in a year or so and threatening the Gulf region with freezing by morning.

Snow fell fitfully in the Panhandle and moved across the Dallas-Fort Worth area, the weather bureau predicting there a fall before night. Temperatures at Amarillo, Plainview and Borger dropped to four above zero. For Plainview it was the coldest in two years, with a brisk wind driving the snow. The Borger low was reached after a 65-degree drop in six hours. Light snow covered the ground there.

Amarillo's forecast said temperatures overnight in the Panhandle probably would range between two and 10 degrees below zero.

Electra reported its worst blizzard of the winter, with snow and sleet driving before the high wind in 10-above weather. Paris braced against a stiff wind and 20-degree temperature, while snow started falling at Olney.

Although no snow was predicted for the Panhandle generally tonight, livestock warnings were issued.

The wind, blowing as hard as 40 miles an hour in some sections, put a keen edge on the cold. Big Spring reported 14 degrees, coldest this season, and a light snow. Sweetwater said 12 degrees was the lowest since Jan. 8, 1937, and the wind was blowing strongly.

Other Temperatures.
Other reports: Midland 14 and snowing; Wichita Falls 13; Denton, Fort Worth, Brownwood 16.

See TEXAS COLD, Page 2.

Sub-Zero Weather Covered Majority Mid-West States

By The Associated Press.
Intensely cold weather gripped the United States today (Thursday) from the north to the south. The Dakotas and in icy stretches of Nebraska, Iowa and Montana. Lemmon, S. D., reported a temperature of 30 below.

The severest cold wave of the season descended upon New England, driving temperatures down to 21 degrees below zero at ground level stations in the northern districts.

Forecasters generally promised no relief until the weekend.

Even Texas felt the arctic air, blown into the United States yesterday by an unusually large high pressure area in Canada.

The cracking cold that extended across South Texas was the worst in four years. In some counties schools were closed.

A snowstorm which had raged over Wyoming since yesterday was abating in temperatures which

Sapulpa Oil Man Dies

TULSA, Okla., Jan. 18.—(AP)—Birch Carthell Burnett, 63-year-old Sapulpa oil man, died today. He was active in the development of the Glen Rose, Cushing pool and Oilton field.

LAST OF THREE TOP COMMITTEE CHAIRMANSHIPS IN HOUSE TO GO NORTH WHEN DOUGHTON QUILTS

By W. B. RAGSDALE
WASHINGTON, Jan. 18.—(AP)—If Representative Doughton of North Carolina steps out, as he says he intends to do next year, the last of the top three committee chairmanships will go to a northerner, giving a new edge to an old argument.

When the democrats took over the house in 1930, they held the ranking position on every house committee except seven. These seven were secondaries. Three southerners were at the top of the rules and ways and means committee lists, two at the top of appropriations.

In spite of efforts to reshuffle the committee assigner when the democrats took over, southerners held 28 committee chairmanships and John Nance Garner, a southerner, was speaker. The late Henry C. Rainey of Illinois, although the sixth man in seniority on the ways and means committee, got the democratic leadership post.

Nineteen chairmanships went to

Coldest Weather Of Winter Visits City Thursday

A strong north wind that brought flurries of snow Thursday morning gradually drove the temperature downward during the day. A low of 19 degrees was registered on the government thermometer during the night and at 8 o'clock Thursday morning the thermometer at the Daily Sun office stood at 22. At 10 o'clock a drop of one degree had been registered and at noon the mercury stood at 18, a drop of four degrees during the morning and 45 degrees from the high of 63 registered Wednesday.

The north is expected to increase in intensity during the night, according to weather bureau reports which state that the temperature will go to 14 or below for this section.

TURKEY'S SECOND MAJOR EARTHQUAKE REPORTED THURSDAY

FIFTY KILLED AND 160 INJURED IN NIGDE DISTRICT OF TURKEY

ANKARA, Jan. 18.—(AP)—Turkey's second major earthquake in three weeks was reported today to have killed fifty persons and injured 160 in the Nigde district, some 200 miles south-east of here.

This district, which escaped the disastrous earthquake of December 28 which killed at least 30,000 persons in northern Anatolia, suffered a series of heavy shocks last night accompanied by terrifying underground rumblings.

New quakes were felt in the devastated region of the December shocks—about 200 miles north-east of the new quake area—but no casualties were reported from there.

In the western plains, rivers swollen by melting snow flooded 15 more villages and caused a landslide which crushed two bridges. In this region late December floods killed at least 1,500.

The quake rocked by the Dec. 28 quake relief workers still busy among the ruins, helping

Farmhand Slays Three People But Kind to Animals

SYDNEY, N. Y., Jan. 18.—(AP)—A 22-year-old farmhand admitted today he shot and killed three members of a Masonville, N. Y., family and then finished his farm chores because he "didn't want to be cruel to the animals." State Police Inspector E. A. Maynard said.

The farmhand, James Fink, was arrested in Reading, Pa., yesterday.

The bodies of Frank Teed, 66, his wife, Helen, 66, and their daughter Ruth, 25, were found Monday in their burned farmhouse.

Fink's confession as related by Maynard disclosed the farmhand admitted killing the Teeds, for whom he worked, milked the cows, placed the milk in a vat and then fed the animals some grain. He returned the next morning to set fire to the house.

CHAIRMANSHIPS IN HOUSE TO GO NORTH WHEN DOUGHTON QUILTS

By W. B. RAGSDALE

FIVE KILLED IN SERIES BLASTS IN LONDON WAR PLANT

SEVERAL OTHERS INJURED IN RAPID-FIRE EXPLOSIONS DECLARED ACCIDENTAL

LONDON, Jan. 18.—(AP)—Five men were killed and a number injured in a series of rapid-fire explosions in a North London war plant today which damaged houses as far as two miles away.

The casualties were announced by the ministry of supply several hours after the blasts. New York indicated the plant was the Royal Gunpowder Factory at Waltham Abbey.

Police said the blasts were accidental and involved "no enemy action."

There were two or three explosions in quick succession. They shattered thousands of windows, caused many buildings to drop and resulted in many minor casualties due to falling debris.

A great column of flame and smoke roared upward, leaving a thick mushroom of smoke over the area.

Police kept spectators far from the plant as fire brigades inside the works fought the flames.

Many civilians fled to air raid shelters when the explosions were heard, believing the city was being bombed. Said one woman:

"We made a bee-line for a dug-out. Five minutes later we thought it safe to come out and saw a great column of flame over the works, the Royal Gunpowder Factory at Waltham Abbey."

Despite the widespread damage, the effects of the explosions were less than in normal times because windows of so many buildings and homes had been protected with sand-bags or boards.

The explosion occurred at 10:45 a. m. (9:45 a. m. C. S. T.) and the blanket of smoke hung

NORWEGIAN SHIPS REPORTED SUNK IN EUROPEAN WATERS

OTHER SHIPPING LOSSES REPORTED WITH MOST OF CREWS RESCUED

OSLO, Jan. 18.—(AP)—Two Norwegian steamers were reported today to have been torpedoed and sunk in European waters within the past 24 hours.

Fourteen of the crew of one vessel were missing, while all aboard the second were rescued.

Owners of the 1,500-ton Norwegian steamer Fagerheim reported she had been torpedoed in the Bay of Biscay on a voyage from Africa to England.

A group of survivors from a torpedoed Norwegian vessel, presumably the Fagerheim, reached Vigo, Spain, last night. Five persons were injured, including the captain who had two legs broken.

Reports were received that another Norwegian ship, the 1,140-ton Sella, had been torpedoed and sunk off the Shetland Islands. All her crew was reported saved.

LONDON, Jan. 18.—(AP)—The crew of the 5,494-ton British vessel Cairnrosa, landed at a south-west port today, reported that their ship sank within an hour after striking a mine last night off the English west coast.

Soy Beans Cause Ship Sinking
SAN FRANCISCO, Jan. 18.—(AP)—A cargo of soy beans and not a mine which badly damaged it was the reason the 11,000-ton Danish liner Canada sank off the coast of England.

Captain Carl Knudsen, who was in command of the Canada when it struck a mine near Hull, England, last November, revealed today that chances of taking the

SENATOR BORAH IS REPORTED BE NEAR DEATH THURSDAY

VETERAN IDAHO STATESMAN STRICKEN WITH CEREBRAL HEMORRHAGE

WASHINGTON, Jan. 18.—(AP)—Senator William E. Borah of Idaho, stricken with a cerebral hemorrhage, was reported today to be near death.

The 74-year-old dean of the senate has been in a seldom-broken state of coma since Tuesday morning when he was found unconscious in his bathroom.

Mrs. Borah said that the Senator's physician would give her no encouragement that her husband might recover.

At their apartment where Borah was under care of Dr. Worth Daniels, Mrs. Borah said that contrary to first assumptions, it was now considered possible that the Senator first was stricken with the hemorrhage and that this attack had caused the fall Tuesday. First reports were that he had slipped on a rug, struck his head, and that the hemorrhage resulted.

Miss Cora Rubin, Borah's secretary for 30 years, said after a visit to his bedside that his condition was "very, very critical" and that he was in a coma most of the time.

Miss Rubin said the Senator suffers no pain and is breathing regularly. She said his physician expected no immediate crisis, explaining that "by that I mean within the next two or three hours."

At Borah's office there was a constant stream of inquiries about his condition. Several senators

SENATE SEEKS GIVE COURTS MORE POWER OVER US BUREAUS

BILL PASSED AT LAST SESSION AND THEN RECONSIDERED ON CALENDAR

BY WILLIAM B. ARDERY
WASHINGTON, Jan. 18.—(AP)—An effort got under way in the senate today to force reconsideration of legislation to give the courts a new and more powerful veto over rules and regulations issued by executive agencies.

The bill, by the late Senator Logan (D-Ia.), was passed by the senate last summer and then reconsidered at the request of administration lieutenants. It now is on the senate calendar.

The judiciary committee which originally handled the measure scheduled a meeting today to see what could be done about obtaining senate consideration, but at the last minute ordered a postponement in order to give justice department officials who are studying the bill an opportunity to be heard. Chairman King (D-Utah) said the subcommittee would meet soon but did not fix an exact date.

Senator Austin (R-Vt.), a member of the group, told reporters "this bill was approved unanimously by the judiciary committee, and I think the committee wants action. The legislation does a very fundamental thing, by giving the citizen a right of appeal to the federal courts from laws—some call them rules and regulations—imposed by executive agencies."

"Enactment of the bill would have the effect of protecting the citizen against the tyrannical use of authority by executive agencies."

"Enactment of the bill would have the effect of protecting the

LENGTH OF CHAMBERLAIN'S RULE IN BRITAIN BROUGHT OUT AGAIN RESULT HORE-BELISHA AFFAIR

By DOWITT MACKENZIE.
British Premier Chamberlain's assiduous jettisoning of War Minister Hore-Belisha, and the ensuing public clamor of protest, inevitably have revived speculation as to the probable length of life of the septuagenarian's chairmanship.

There are plenty of political sharpshooters, especially among the younger generation, who long have been gunning for the aging but agile Mr. Chamberlain, and his present venture into no-man's land has given them fresh opportunity. However, this isn't the first time, and it probably won't be the last, that the pugnacious statesman has paraded in the open with a sang-froid which has disconcerted his enemies.

It was worth a laugh, the way the Premier told the House of Commons in effect on Tuesday

GARNER IS REPORTED BITTERLY OPPOSED TO FINN MILITARY LOAN

VICE PRESIDENT SEES VIOLATION OF UNITED STATES NEUTRALITY ACT

WASHINGTON, Jan. 18.—(AP)—Vice President Garner and the board of directors of the national association of manufacturers were listed today among those opposing further financial aid to embattled Finland.

On the other hand Senator Wheeler (D-Mont) told reporters he could see no objections to lending the Finns more money. Former President Herbert Hoover also gave support to President Roosevelt's idea of a non-military loan.

Vice President Garner was reported authoritatively to have opposed an additional Finnish loan at a White House legislative conference Monday, the day before President Roosevelt announced Congress that he thought an extension of credit at this time would not constitute no threat to involvement of this country in Europe's wars.

SWEDISH LEADER URGES COOPERATION OF SCANDINAVIANS

FORMER FOREIGN MINISTER SANDLER SAYS MILITARY PACT NECESSARY

STOCKHOLM, Jan. 18.—(AP)—Sweden's outstanding socialist leader, Frederik Strom, today urged creation of a northern "defense league" as a movement toward closer Scandinavian military collaboration in the face of the Russian-Finnish war.

Tremendous discussion of such collaboration was aroused in Sweden by former Foreign Minister Richard Sandler's speech in the Riksdag (parliament) pleading for adoption of such a policy.

During stormy budget debate in parliament last night opponents of strict neutrality found themselves hard-pressed following Sandler's appeal.

Especially important was attached to a statement published by Strom declaring "Finland would have escaped war if the northern countries earlier had established a northern countries defense league."

"Last week's events have convinced me," said Sandler, "that the collaboration of the northern countries should not be limited to the Åland Islands (fortification) question, but should also

OFFICIAL ROUTE IS DESIGNATED FOR NEW WATER MAIN TO CITY

ACTUAL WORK ON PROJECT EXPECTED TO GET UNDER WAY EARLY DATE

Members of the Corsicana City Commission rescinded their previous action in designating an official route for the proposed second water main from Lake Halbert to the corporate limits at a recessed meeting Wednesday night and adopted a shorter substitute route.

Following the meeting Mayor J. S. Murchison stated that actual work on the project would probably get under way as soon as one easement could be secured. All members of the commission were present for the night session. The mayor proposed that pipe salvaged from the replacement line on West Third avenue be used to lay an enlarged line

NEW DEAL POLITICAL STRATEGY SEEN IN DECISION OHIO TO PUT ROOSEVELT DELEGATION IN FIELD

By D. HAROLD OLIVER
WASHINGTON, Jan. 18.—(AP)—New Deal political strategists indicated today that the decision of Ohio organization democrats to put a Roosevelt delegation in the field nominally pledged to Senator Vito Marcionelli, but with plans aimed at giving the chief executive the power to name the party's 1940 nominee if he decided not to seek a third term.

Although some political analysts have expressed doubt that the president could control the next convention, especially if he took himself out of the running in advance, third term advocates said Ohio's 52 delegate votes might form an important link in a chain of delegations lined up at least for a "Roosevelt man."

The new dealers "it was said, would seek other 'big men' so favorable to the president or any candidate having his blessing. This strategy would be followed, it was explained, to avoid putting Mr. Roosevelt's name in presiden-

CONTINUED SUCCESS ANNOUNCED AGAINST SOVIETS IN NORTH

RUSS TROOPS PUSHED BACK 28 MILES; ELEVEN RUSSIAN PLANES SHOT DOWN

By PAUL SJOEBLOM.
WITH THE FINNISH FORCES IN LAPLAND.
Jan. 18.—(AP)—Harassed by hunger, frostbite, and constant Finnish patrol attacks, the Soviet forces farthest within Finland along the Salla highway have at last acknowledged defeat and started retreating.

Finnish troops are close on their heels and heavy fighting is now in progress at Markajarvi.

The Red army, after hammering wildly at Finnish defenses for a month and a half, suddenly abandoned its trenches to retreat eastward toward the Soviet border.

Already they have retreated nearly 30 miles from Joutajarvi, the farthest point to which they penetrated, about 65 miles within Finland near the Arctic Circle.

This was the greatest penetration of Finnish territory that any Soviet force has accomplished since the Russian invasion started Nov. 30.

(Finnish reports reaching Copenhagen said 40,000 Russian troops were retreating in this sector.)

HELSINKI, Jan. 18.—(AP)—The Finns announced tonight that their forces had pushed the Russians back 28 miles in the Salla region above the Arctic Circle.

The army communique also announced that the Finns had shot down 11 Russian bombing planes in fighting yesterday. Previously it had been reported unofficially that 11 or 13 raiding Red planes had been shot down in a raid on Lappeenranta in southern Finland.

"In Lapland," the communique said, "our troops have advanced 45 kilometers (28 miles) in the

REVIVAL BRITISH SHIPBUILDING TOPS PLANS OF NATION

GREAT BRITAIN IS SEEKING TO MULTIPLY HER SEA POWER BY SPRING

LONDON, Jan. 18.—(AP)—Revival of shipbuilding in yards growing rusty with years of idleness today topped long-range plans being shaped by Great Britain to multiply her war power by spring.

Other measures reliably reported to be claiming attention of the war cabinet include higher barriers against imports of non-essential and rationing of supplies other than foods already on a quota basis.

Meanwhile Raoul Dautry, French minister of armaments, and Leslie Burgin, British minister of supply, after conferring here reached agreement on details of pooling British-French manufacturing resources.

The government is considering rebuilding of shipyards out of use since the depression to supplement those already hammering away at full speed in a drive to build faster than Germany can sink.

The importance of the battle of blockade and strategic trading with neutral, was emphasized by Ronald H. Cross, minister of economic

Brown Cracker And Candy Co. to Open Advertising Drive

J. C. Billingsley, district salesman for the Brown Cracker and Candy Co. of Dallas, Texas, called on the Daily Sun office today to advise that his company is to begin an extensive advertising campaign in Corsicana, on the first schedule to appear in tomorrow's paper. Mr. Billingsley, who resides in Corsicana, has as his territory the major portions of Navarro, Limestone and Freestone counties.

He states that his company is very optimistic over business prospects for 1940 and that they will begin to go into the new business. He also stated that Corsicana is recognized as one of the most important distributing centers in Texas, and that many district salesmen are making their homes here now with more to follow.

Youth Made Own Tractor
KATHON, Jan. 18.—(P)—Mayfield Kosman, top exhibitor at the recent International Livestock Show at Chicago with his grand champion steer, is also tops as a mechanic. The 18-year-old rancher had built his own tractor out of the parts of discarded automobiles. He used parts from three makes of cars and with the home-made tractor plowed an average of 7 1-2

1/2 acres a day.

CELEBRATE FIFTIETH ANNIVERSARY

Mr. and Mrs. J. O. Rivers (above) celebrated their fiftieth wedding anniversary in Bristow, Oklahoma, December 24, with a family homecoming. Mr. and Mrs. Rivers are well known in Corsicana where they made their home until 1933. Mr. Rivers is seventy-one years of age and his wife is seventy. They were married in Athens, Ga. Sons and daughters attending the anniversary celebration were: J. O. Rivers, Jr., Ennis; J. H. Rivers, Frost; J. F. Rivers, Sapulpa, Okla.; Mrs. Marvin Riley, Wichita Falls; Mrs. Fred Heindman, Lawton, Okla. One son, J. W. Rivers, Parsons, Kan., was unable to attend. The picture was taken by J. O. Rivers, Jr., fireman, Southern Pacific Lines, with the mother and father standing near the anniversary cake.

CORSICANA YOUNG PEOPLE'S UNION MET KERENS TUESDAY EVE

"Challenge of the New Year" was the theme of the talk made by Miss Scottie Swafford Tuesday night January 18, to the Corsicana Young People's Union at their regular monthly meeting at the Methodist church in Kerens.

In her talk Miss Swafford said, "It is good to review the old year in order that we might better appreciate God's goodness to us, and thus be able to render Him proper praise."

"A new year offers a new opportunity, a new beginning; it offers us an opportunity to make a fresh start. We should start the new year with an optimistic triumphant spirit. If we take God with us as our helper, we should be able to start the year with this spirit."

To devotional program was given by the Rice leaguers, and their leader for the evening was Earline Briggs. The scripture was given by Betty Jo Pritchett, while the opening prayers were given by Dr. P. E. Riley of First Methodist, Corsicana and R. Otis Sory, district superintendent.

"I Would Be True" was sung by Helen Ruth Morrison while her accompanist at the piano was Mrs. Burt Pritchett.

In the business session presided over by Aubrey Poarch, president, various reports were heard from the several committees. Miss Briggs of the membership committee stated that efforts were made to visit several young people's divisions, but that no definite dates had been made.

James Wilkinson, chairman of the ticket sales for the union banquet, announced the quotas for the various groups, and they were accepted. Two hundred tickets were placed on sale at this time.

Rev. C. C. Sessions stated that the Corsicana youth rally would be held at the First Methodist church the night of February 15. Excellent speakers will be the program and a large group is anticipated.

Attendance at the union is around one hundred, and it is believed that as many as other young people divisions return to the union that large crowds will be of great note.

President Poarch stated that the banquet in February would take place at the regatta meet and he urged that all churches take an active part in the banquet.

A social hour was enjoyed by all in the recreation room of the church. Several games were played by the group.

Emhouse Girls Win 16 Games Without Setback

Emhouse girls basketball club has established a great record on the courts in this section thus far this season.

That fine sextette has copied sixteen straight victories without a defeat, according to Superintendent Melvin Taylor, and have the championship pennants from the two tournaments entered this winter. The Emhouse girls won the Purdon and Blooming Grove invitation tournaments, and are regarded as among the most serious contenders for the county and other cage honors.

BEAUMONT, Jan. 17.—(P)—Dr. William C. Welch was found guilty and sentenced to 15 years imprisonment today in the kidnaping of Irwin Mingle. Fort Arthur boy taken from his parents' home Dec. 7. The jury, out since 5:45 p. m. yesterday, returned its verdict at 1:55 p. m. today.

Welch was charged with kidnaping for extortion, the state accusing him of abducting the 11-year old victim, holding him prisoner and demanding \$15,000 ransom. The boy freed himself from his bonds and escaped before the money was paid.

Dr. Welch was a Port Arthur chiropractor and had been a friend of the Mingles for years. The father of the victim was an automobile dealer.

Kerens Garden Club In Session Thursday

KERENS, Jan. 16.—(Spl.)—The Kerens Garden Club in observance of the regular twice a month meeting, met on Thursday at 3 p. m. in the home of Mrs. Brook Smith, with Mrs. L. H. Holt co-hostess. After preliminary business, roll call was answered with "Current Events in the Flower World."

"Dependable Perennials" were discussed by Mrs. Albert Barry. Mrs. Jim Norton gave informational items on "Vines."

The timely topic, which is an interesting feature of each meeting, was given by Mrs. Pat Murphy.

Guests, other than members, were Mrs. Allen McCluney, Mrs. C. J. Hall, Mrs. Joe Sheppard and Mrs. Sue Hemphill.

A salad plate, both dainty and delicious, was passed during the social hour which followed the program.

We Render A complete floral service. Cut Flowers, Potted Plants, Wreaths, and other floral designs to order.

Blooming Grove

BLOOMING GROVE, Jan. 18.—(Spl.)—Mr. and Mrs. H. E. Simpson and twin daughters, Barbara and Beverly, spent this week-end with Mr. and Mrs. H. E. Simpson.

Tom George and son, Thomas, were Sunday dinner guests of Mr. and Mrs. T. M. George, Sr., this week.

Jim Glenn and Mrs. J. L. Bell of McAllen came in Saturday and are guests of their mother, Mrs. A. A. Glenn.

Mrs. J. O. Barham and son of Hillsboro were guests of the Ben Brooks family Sunday.

Mr. and Mrs. E. H. Whorton of Bryan were here to attend the funeral of his niece, Mrs. Johnson, and while here visited her mother, Mrs. J. M. Grant.

Mrs. W. O. Patterson returned Monday from a few days stay in a hospital in Dallas. She suffered a fall in her home which caused a severe ligament strain and infected shin bone.

Mrs. Beverly Caldwell is spending this week with her husband in Austin.

Mrs. Aline Carroll and Mr. and Mrs. Benton Davis and son, Benton, Jr., of Sherman were week-end guests of Mr. and Mrs. Ed Carroll.

Mrs. W. N. Sheppard of Kilgore is visiting her mother, Mrs. M. E. Fitzgerald, this week.

Supt. C. C. Isbell made a business trip to Austin Friday and Saturday.

Mrs. George Green, Mrs. G. E. Ramsey, Jr., and little son, Eldon, and Mr. and Mrs. G. W. Patterson visited relatives in Fort Worth Friday.

Mr. and Mrs. D. E. Magee moved their residence last week to Ennis, where Mr. Magee has accepted a position as manager of a truck agency.

Mrs. Bill Corbin and little daughter, Janie, of Waxahachie, spent from Sunday to Wednesday in the home of the J. R. Griffins.

John Glenn of Waxahachie visited his mother, Mrs. A. A. Glenn, for a few hours Wednesday evening.

Friends of Mrs. S. M. Woodard, former citizen of Blooming Grove, are sorry to learn that she underwent a major operation in St. Paul's Sanatorium in Dallas Monday.

Dresden

DRESDEN, Jan. 18.—(Spl.)—A small tornado was seen in this community weeks in West Texas. It passed between A. E. Clark's barn and E. B. Cagle's grocery store, just missing both buildings. No damage was done.

There is quite a bit of sickness due to bad colds.

Mr. and Mrs. Frank Brown have moved into the community from Silver City.

Mrs. O. C. Mintra and daughter, Dean, spent last Wednesday with Mrs. A. L. Sims of Ennis.

Mr. and Mrs. Buster Blake and daughter spent last Saturday night with Mr. and Mrs. Tell Woodall of Alliance Hall.

Mr. and Mrs. A. B. Clark and baby spent Friday night with L. M. Clark and wife of Clarksville.

Mrs. E. B. Johnson attended a 42 club in Blooming Grove last Wednesday afternoon.

Miss Sadie Marie Hiller is spending several weeks in West Texas with her sister and husband, Mr. and Mrs. Garland Kink.

Mr. and Mrs. Wooten will leave soon for California where they will spend the winter with their daughter and their families.

Mr. and Mrs. Will Clark have returned home after spending several days last week with their son and wife, Mr. and Mrs. L. M. Clark.

Mr. and Mrs. Carl Whiteside and family of Corsicana attended Sunday with Mr. and Mrs. J. C. Whiteside.

Mr. and Mrs. Earl Fleeman were Dallas visitors last Friday.

Purdon

PURDON, Jan. 18.—(Spl.)—Miss Alice Butler returned home last Monday after a visit in Aransas Pass with her sister, Mrs. Clyde Boldin.

C. O. Williams of Barry was here Tuesday.

Mr. and Mrs. Fred Ford were in Corsicana Thursday.

Mrs. Anna Mae Merrell and daughter, Helen Ruth, was in Waco Saturday.

Mrs. Deryl Brownfield and little daughter, Helen, returned to her home in Mt. Vernon after a two weeks' visit with her parents, Mr. and Mrs. Fred Ford.

Mrs. Annie Butler spent Wednesday night in Corsicana with her daughter, Mrs. T. H. Morgan.

Bates Davis came in Saturday after a two weeks' visit in Van with relatives.

W. L. Benson of Corsicana was a visitor here Sunday.

Anell Nevilles and family of Bryan spent Sunday with Mr. Nevilles' sister, Mrs. W. H. McCarter.

Mr. and Mrs. Paul W. Rogers spent the week-end in Corsicana.

Barry

BARRY, Jan. 18.—(Spl.)—Mrs. G. A. Bell has been confined to her bed for several days, but is convalescing nicely.

Mr. and Mrs. Fred Ward and children of Corsicana visited friends in Barry Monday night.

Mrs. Roy Grimmer is on the sick list.

Mr. and Mrs. L. L. Powell of Arlington spent Monday night in Barry.

Sam Young is confined to his bed this week.

Mrs. G. P. Wilson is visiting her daughter, Mrs. Robert Martin at Eureka.

Mildred

MILDRED, Jan. 18.—(Spl.)—Quite a few were absent the past few days from school on account of illness.

Oliver Gray received word last week that his daughter and husband, Mr. and Mrs. Lee Allen Mitchem of Throckmorton are the proud parents of a baby daughter. Mrs. Mitchem was Miss Theresa Gray of this community before her marriage.

Mr. Mays and sons, Claude and "Sandy", spent a few days of last week with relatives and friends in East Texas.

Phillip McManus, who has been in Oklahoma has returned home. Kenneth, Jimmie Dale Gay and Tommie Truelove were in Fort Worth Saturday.

Mr. and Mrs. Erskin Moore of Mertins spent a few days last week with Mr. and Mrs. Edd Gay of this community.

Hubert Elder went to East Texas Monday on a business trip.

Buck Robinson spent a few days with Philip McManus last week.

Katherine Hair entertained with a party Friday night.

Tommie Truelove, who has been in Blooming Grove a few weeks, returned home Wednesday.

The girls' and boys' basketball teams went to Blooming Grove for the basketball tournament Saturday.

Mr. and Mrs. Falls and family visited relatives in Corsicana Sunday.

Tupelo

TUPELO, Jan. 18.—(Spl.)—A hard shower of rain fell here Saturday afternoon.

A. H. Wolverton and family have moved from the farm here where they have lived for a number of years to a farm on Highway 75.

Lon Warfield remains quite ill at the home of his brother, F. H. Warfield, Corsicana.

Mrs. L. C. Lockhart, who has been ill for the past two weeks, is better.

Mrs. L. B. Wheeler is able to be out after suffering from an attack of neuritis.

Miss Georgia Peters of Corsicana made a short visit with Mrs. Lockhart Friday.

Mr. and Mrs. F. W. Goodwyn of Dallas spent Saturday night with Tupelo relatives.

Mrs. R. B. Burdine visited her grandmother, Mrs. Pickering in Corsicana Saturday.

Mr. and Mrs. Lee McNutt of Corsicana were Sunday guests of Mr. John Bowden and wife.

Mrs. Street Mitchell visited her sister, Mrs. Denny, in Corsicana Sunday afternoon.

Prompt Help For A Listless Child

Scolding won't help a boy or girl who is listless, dull or cross from constipation. But, here's something that will!

If sluggish bowels have your child headachy, bilious, upset, give him a little Syrup of Black-Draught to-night. Like the original famed BLACK-DRAUGHT, its principal ingredient is an intestinal tonic-laxative. Helps impart tone to the bowel muscles.

Children like the taste of Syrup of Black-Draught. It is an all vegetable product. When simple directions are followed, its action is gentle, but prompt and complete. Comes in two sizes: 50c and 25c.

ART AND WAR.
"We've the finest art in the world," said he,
"By the greatest masters none,
Which you must some day come
to see."
When this terrible war is won.
"Our old cathedrals now seem
bare,
With all of their treasures gone
But we've buried them deep in
the ground somewhere
While this terrible war goes on.
"We've boarded up window and
temple spire
And our splendors past money
to buy
But we're sending our men to
the cannon fire
To be shaken and shattered
and die!"

GETTING AROUND

The American people are expected to make \$70,000,000,000 this year, or maybe a little more, and to spend \$60,000,000,000 of it in travel. That's about one dollar out of every nine just for gadding about. We do love to get around. We almost seem to be taking for our national motto Kipling's "For to admire and for to see, for to behold this world so wide."

We won't do much seeing and admiring in Europe and Asia, however, this year. Wars practically bar those regions. Africa lacks transportation facilities and Australia is far out of our way. So for practical purposes we're confined to the two continents of this hemisphere. And that's all right; there is plenty to see between Hudson Bay and Cape Horn, and pretty fair transportation almost everywhere.

We're still pretty much a stay-at-home people, however, as regards our chosen playground. So our travel is mostly domestic business. We spend about nine-tenths of our travel money here in the United States. The rest is spread over Canada, Mexico and Central and South America, with Canada alone getting about half of it—some \$300,000,000.

It looks like a better year now for Latin-America. And that's all right. We should know our Latin neighbors better, for many reasons.

VANISHING LONGHORNS

The Biological Survey reports that the famous Longhorn cattle that came to the Western Hemisphere with Cortez or soon after are almost gone. There are said to be only 250 pure bloods in existence.

The Longhorn cattle were once as important a part of the western and southwestern plains as the buffalo and the cowboy. They were tough and wise and adapted themselves readily to life in the New World. An authority has said of them, "No animal of the cow kind will shift and take care of itself under all conditions as will the Longhorns; they can go farther without water and endure more suffering than others."

They were picturesque and as typically American as other naturalized Americans. It is sad to be told that they will soon be gone. Yet there is a ray of hope. The cowboy, the buffalo, the Indian have been reported as almost vanished before now, yet all three are coming back amazingly. Radio and dude ranches have saved the cowboy. Protection has given the buffalo such a new lease of life that it has been reported recently to cut down the herds. Census figures show the Indians gaining in numbers. Perhaps the Texas Longhorns will not become a lost race.

Little Uruguay—or as some of the broadcasters call it, Yur-gu-uy—has been doing a good job of defending the western hemisphere.

How's your euphoria today? That's medical lingo for "feeling well?"

It looks as if the Finns have licked not only Stalin, but Karl Marx.

Sustained Sprained Wrist. Dr. O. C. Bowmer sustained a sprained left wrist about noon Monday when his automobile and one reported driven by J. O. Jones figured in a collision on West Collins street. Both cars were damaged.

EFFICIENT DEMOCRACY

Courage and daring are not enough. The Poles learned that in their tragic experience with Nazi Germany. Trusting in their own boldness and self-confidence, they neglected military strategy and preparedness, and were quickly beaten down and swept aside by modern mechanized warfare.

Finland has not made that mistake. Strategic plans seem to have been made with the most minute and painstaking care. Every square mile of the country is said to have been mapped and marked with accurate, minute, technical information for military use. Maps were so complete and detailed that in important areas guns could be trained on any point in the dark. Military roads, hidden batteries, trenches or plans for them, covered the country. There must have been great supplies of ammunition, food and weapons safely stored in strategic places.

The army and its reserves were so thoroughly trained that even the smallest units were capable of operating alone when necessary. What we might call a pioneer country was covered with communication lines. The officers and the high command seem to have been as well trained and competent as any in the world.

That is why Finland could perform the miracles of military valor and efficiency that have amazed the world. In arms, as in private life, this remarkable little nation seems to be 100 per cent efficient. It is an amazing and heartening example of what democracy may accomplish in the face of great obstacles.

BUDGETS BIG AND LITTLE

Budgets are all the style these days. The kids with their first jobs write in to the newspapers or magazines and ask how to budget their pay. The girls want to so manage that they may have savings, vacation money, silk hose and cosmetics along with their board and lodging. The boys want cars and money to take their girls out, besides saving for furniture and The Ring.

It's good that they are taking thought thus about their money. When they budget they learn many things, and not only the arithmetic of adding, subtracting and multiplying, but the essentials of management, how to balance one thing with another, where to advance and where to retreat in order to get the most out of their circumstances. They learn self-control, too. They look ahead.

"You cannot possibly know what you want in a house," the architect Frank Lloyd Wright is fond of saying, "until you have thought out what you want of your life." Learning how to manage their money, young people are beginning to think out their lives.

We get the impression, from the Russo-Finnish front, that the Russian command would rather kill women, children and old men than soldiers.

Those Russian "crack troops" seem to crack just like the others.

Next time Russia should take somebody else's size.

CLUTCH TROUBLE!

FOUR MEN DIED IN SALVATION ARMY FIRE HOUSTON WEDNESDAY

FIVE OTHERS INJURED AS FLAMES ROAR THROUGH SOCIAL SERVICE CENTER

HOUSTON, Jan. 17.—(AP)—Four men perished and five were injured in a blaze which roared through the two-story Salvation Army Social Service Center early today.

The fire caught 20 persons in the upper portion of the structure. Firemen got to the scene in time to rescue 13 down a ladder from a window and save more saved themselves by jumping.

Two firemen and the men who leaped were injured, but none seriously.

Only the shell of the building was left when the conflagration finally smoldered. The cause of the blaze which wreaked damage estimated at \$15,000 was undetermined.

The dead: SPEED, 47, of Dallas. AL WILSON, 36, of Houston. JAMES MELTON, 59, of Stanton, Ind. ERNEST MCGILL, 55, address unknown.

Three of the victims were found suffocated only a few feet from the window through which the 16 others had reached safety.

The fourth, Melton, was found sitting up in the reading room, smothered to death by the heavy smoke. The aged man was a victim of leg paralysis and was unable to help himself.

Most of the building's occupants were asleep when V. Graham, one of the employees, was awakened by the smoke and screamed "Fire! Fire!"

The men scrambled from bed and dashed madly for the rear stairway and fire escape but the blaze and smoke blocked their escape.

In pajamas, old coats and pants the rescue came down the ladder. Firemen hurried them out of the frosty air and into a service station across the street, where they huddled around a gas stove to keep warm.

Fire Commissioner Frank Mann said he did not have enough men or equipment to fight so great a blaze.

At the center, the Salvation Army works over old clothes donated for the indigent. Three trucks used to collect the donations burned in the fire today.

The men in the place are given a small salary and their room and board.

Keeping Up The Metabolism

All interchanges of energy within the body are called METABOLISM. That energy necessary to our mere existence is called BASAL metabolism—that is, breathing, beating of the heart and other natural phenomena constantly going on within our bodies.

All our movements burn up energy, and in order not to "consume ourselves" and the chemical constituents of our body, we must renew ourselves with food, drink and air.

We are a regular Chemical Laboratory, and our bodies contain the seventeen chemicals listed on the illustration. Hence our need for variety in diet.

Science and experience enable the doctor to determine your individual basal metabolism and how much fuel is required to keep up your efficiency and health.

What your body is doing in the way of work and play has something to do with this—height, weight, age, many other things enter into it.

The chemical needs and the energy requirements of the child differ from the adult, especially in iron, calcium and other "building" materials. State of health is greatly influenced by the manner in which you keep yourself chemically BALANCED.

Let your doctor help you and your family avoid results of unbalanced nutrition, insufficient nutrition or overnutrition.

I. A. MONROE WAS BURIED WEDNESDAY HAMILTON CEMETERY

I. A. Monroe, aged 53 years, died at 614 West Tenth avenue Tuesday night. Funeral services were held Wednesday afternoon at 3:30 o'clock at the Hamilton cemetery, where interment was made.

The rites were conducted by Rev. J. T. Davis, pastor of the Assembly of God church.

Surviving are his wife, six children, Mrs. J. J. Teague, Bloomington, Mo.; Mrs. H. L. Teague, Corsicana; Mrs. Robert McIntire, Kerens; Mrs. Orville Capelhart, Navarro; Hazel Monroe, Corsicana, and I. A. Monroe, Jr., Corsicana; a sister, Mrs. E. J. McI. Cary, Corsicana.

Prior to moving to Corsicana, the family resided in the Angus community.

Palbearers were Byron McGary, Robert Seale, Aubrey Jacobs, George Wilson, Hamilton King and Lonnie Monroe. Corley Funeral Home directed the arrangements.

Banquet Planned By Young People's Union Tuesday, February 20

Tickets for the first annual banquet of the Corsicana Young People's Union to be held in the educational building of the Eleventh Avenue Methodist church Tuesday night, February 20, went on sale Tuesday night in Kerens.

James Wilkinson of the First Methodist church, is chairman of the ticket sales. At the union meet in Kerens Tuesday night, Wilkinson placed the duca in the hands of representatives from each league.

Tickets can be secured from James Wilkinson and Dorothy Love, First Church, Corsicana; Earline Briggs, Rice; Richard Burdine, Tupelo; Rev. Mr. Weather, Chatfield; Rev. C. C. Seniors, Kerens; Rev. Mr. Tucker, Bazette; Inez Slate, North Corsicana; Charles Byrd, Central; and at Eleventh Avenue, Aubrey Poarch and Milton Campbell.

All young people are urged to

Mrs. J. B. Lee Was Buried Prairie Point

KERENS, Jan. 17.—(Spl.)—Funeral services were held at the P. N. Stockton Funeral Home at 2 p. m. Saturday for Mrs. J. B. Lee of Dallas, who formerly resided in Kerens. Mrs. Lee, 54, is survived by twelve children, all of whom were present.

Services were conducted by the pastor of one of the Primitive Baptist churches of Dallas, with interment in the Prairie Point cemetery.

Wortham Couple Wed Here. WORTHAM, Jan. 17.—(Spl.)—Mrs. Emily Jackson of Wortham, and George Vincent of Wichita, Kansas, announce their marriage in Corsicana Monday. Mr. Vincent resided in the Wortham community before going to Kansas. Mr. and Mrs. Vincent will make their home in Wortham.

make reservations by February 14. The program for the banquet will be announced later as full details have not been completed.

How Credit is Born

BANK CREDIT comes into being in a perfectly natural way. Depositors bring their money to us for safekeeping and to obtain the advantages of a bank account. A smaller number of borrowers then come and obtain some of this money in the form of loans. The interest they pay provides part of our bank's earnings.

Two important facts thus become clear:

1. We are anxious to lend.
2. We lend our depositors' money, and thus must demand adequate security for loans.

SO IF YOU NEED MONEY, SEE US

BUILDING REPAIRS AT NAVARRO COUNTY HOME CONSIDERED

COMMISSIONERS AND OTHERS GO MARSHALL INSPECT ROAD-BRIDGE PLAN

Repairs to buildings at the Navarro county home and other matters were considered at a special meeting of the commissioners court Wednesday afternoon.

The construction of a 12-foot drive from the curb to the county property line on the north side of the courthouse yard was authorized so that trucks hauling material and deliveries to the courthouse can more easily drive on the yard.

The commissioners court and County Auditor E. Y. Gunningham, several members of the Corsicana Chamber of Commerce and representative and interested citizens from several communities of the county went to Marshall Thursday as guests of the Harrison county commissioners court to inspect and study the central road and bridge purchasing and maintenance department in vogue in that county for the past ten years. Harrison county's road maintenance and construction is maintained under a civil engineer with county-wide purchases through one office instead of each commissioner being the supervisor and purchasing agent for his particular precinct.

NEWS STORIES OF HONOR PAID DEAN TAYLOR OVERLOOK MUCH IN LIFE TEXAS' "MR. CHIPS"

By JACK KRUEGER
Associated Press Staff

The news stories out of New York tell of the rare honor the American Society of Civil Engineers has bestowed on T. U. Taylor. They relate that the August engineers elected him the 28th living man to become an honorary member in the 88-year-old organization. But the Yankee writers seemed to have missed much of the flavor of Texas' own "Mr. Chips." Thomas U. Taylor has the job of being dean of engineering at the University of Texas, but unofficially he is the grand old man to thousands of students and exes. He's 82, straight as a taut string and spry as a cricket. The only thing about him that droops is his mustache. It used to be a ritual at Texas to have "the old man" climb up on the platform at football rallies, peel off his coat and lead the noisy students in yell or two. Any Texas man who didn't have the "Texas Spirit" was anathema to him. Any engineering student of his who didn't evince the old fight sell into a class with India for corn untouchables. Dean Taylor has a perfect right to all the campus legends and traditions that cling to him: He has been connected with the school longer than any other person; he was there before any structure now gracing the campus was built. His years do not weigh on him. He is up early every morning in time to greet the milkman and sell into a class with India for corn untouchables. Dean Taylor has a perfect right to all the campus legends and traditions that cling to him: He has been connected with the school longer than any other person; he was there before any structure now gracing the campus was built. His years do not weigh on him. He is up early every morning in time to greet the milkman and sell into a class with India for corn untouchables.

John O. Black and some other Abilene Christians College basketball players rolled into a filling station at Grand Prairie a few days ago to fill up the bus. Imagine J. O. Black's surprise when he learned the gas station operator was J. O. Black too. The two John O. Blacks, it turned out, were no kin. D. W. Odom was cut up in a car collision near Mesquite the other day; at 9:15 p. m. to be exact. Fifteen minutes later his brother, R. S. Odom, was cut up when his car slammed into a telephone pole a few miles away. Neither knew of the other's smashup the next day.

As though Fort Worth weren't enough, Dallas has taken on Houston as its latest municipal competitor. Lately Dallas has been trying to incorporate some reluctant suburbs. Possibly with an eye to the upcoming census, in which Houston seems likely to lead again. Now the cities have matched energies in seeing which can raise the most money from the President's birthday celebrations, which will be upon us before long. Dallas led in this rivalry until last year, when Houston was ahead by \$500.

The "old Aggie spirit" was put to a practical demonstration in Beaumont a few days ago. The police thought an amnesia victim

dies. This Central Texas weekly comments: "The Associated Press rates as fifth best 1939 news story assassins missing Hitler by eleven minutes. A lot of folk rated the miss the worst news story."

Mynatt Smith of the McAllen points a warning finger for his valley readers at competing Laredo's recent acquisitions: District headquarters of the U. S. customs service and district headquarters for the census. The Laredo's laudable ball club will train there this spring. That \$1,500,000 in 1940 construction is already assured, and that a swarm of American tourists will pass through there this year on their way to Mexico. All of which should help Herschel Hunt, who edits with one hand and fires up his cornucopia pipe with the other, keep the times humming for a while.

John O. Black and some other Abilene Christians College basketball players rolled into a filling station at Grand Prairie a few days ago to fill up the bus. Imagine J. O. Odom was cut up in a car collision near Mesquite the other day; at 9:15 p. m. to be exact. Fifteen minutes later his brother, R. S. Odom, was cut up when his car slammed into a telephone pole a few miles away. Neither knew of the other's smashup the next day.

As though Fort Worth weren't enough, Dallas has taken on Houston as its latest municipal competitor. Lately Dallas has been trying to incorporate some reluctant suburbs. Possibly with an eye to the upcoming census, in which Houston seems likely to lead again. Now the cities have matched energies in seeing which can raise the most money from the President's birthday celebrations, which will be upon us before long. Dallas led in this rivalry until last year, when Houston was ahead by \$500.

The "old Aggie spirit" was put to a practical demonstration in Beaumont a few days ago. The police thought an amnesia victim

MRS. EMMA CROWE BURIED THURSDAY IN CATHOLIC CEMETERY

Mrs. Emma A. Crowe, aged 68 years, long-time resident of Navarro county, died at 407 West Tenth Avenue Wednesday afternoon after a short illness.

The funeral services were held Thursday afternoon at 3 o'clock from the Eleventh Avenue Methodist church. The rites were conducted by Rev. A. A. Peacock, pastor of the church. Interment was made in the Catholic cemetery.

Surviving are two sons, P. E. Crowe, Corsicana, and N. D. Crowe, Dallas; and a daughter, Mrs. Frank White, San Bernardino, Calif.

Corley Funeral Home directed the arrangements.

Dr. Reilly Copeland To Speak on Sunday At Alliance Hall

Dr. A. Reilly Copeland, well-known Baptist minister of Waco, will speak Sunday afternoon at 3 o'clock in the Alliance Hall community. The Tabernacle Baptist church choir of Waco will render several songs. The Alliance Hall community choir will also appear on the program.

The subject to be discussed by the Rev. Mr. Copeland is entitled "The New Birth."

ators said they were praying for his recovery. Elated Over Improvement. Mr. Borah revealed that only last Monday the Senator had visited his physician and was elated because his condition had shown such great improvement. Vice President Garner was deeply grieved over Borah's condition. Usually happy and genial, Garner strode about his capital office today, voicing expressions of sympathy.

"He'll be missed as much as any man in the senate," the Vice-President declared. Borah had been confined to his bed since the fall. He is under the care of Dr. Worth Daniels, his physician and his injuries at first were not believed to be extremely serious.

Miss Ruben said this morning that there apparently had been a change for the worse in Borah's condition during the night. Half an hour later, Miss Ruben reported the senator was sleeping and breathing normally. "We do not expect any change in his condition today," she said. The veteran senator had suffered a collapse brought on by heat and overwork in the summer of 1938 but apparently regained his health. He was active throughout the special session of congress last fall.

He told reporters last week that he felt fine and expected to participate actively this session.

MACKENZIE

(Continued From Page One)
less self-possessed and aggressive than Mr. Chamberlain. As things stand, it isn't probable that Mackenzie will be seriously before Britain encounters some war crisis. It is not the habit of the opposition in the British parliament to make difficulties for the government in war time.

Still, it is quite possible that a real emergency would produce a demand for new leadership. Should this happen there would be at least one strong prospect for the premiership. He is the famous Winston Churchill who recently was brought into the cabinet as First Lord of the Admiralty. Churchill is one of England's great men.

Another possibility, surprising as it may seem, is Hore-Belisha. Mystery still hangs over his loss of his war portfolio, but the fact remains that he is one of the outstanding figures of the day. While he may not be believed in by most of the general public, he has done in modernizing and democratizing the British army.

My personal view that Chamberlain wouldn't surrender his position without a vigorous fight, health permitting. I believe he will want to see the end through. The Bonnie River Dee for the fly fishing which he loves so much. He may have his way, too, for he is a forceful man.

COMMISSION

(Continued From Page One)

After some discussion the engineer was instructed to prepare plans and necessary data for making a WPA project of a new line to the plant, after it had been brought out, more work was needed in plant operations and to serve customers in that section of the city.

Marvin Nichols, consulting engineer, explained the various water main surveys made, and recommended the shortest route. A motion by Commissioner W. E. McKinney to officially adopt the recommendations and designate the route for the line was unanimously adopted.

Commissioner McKinney also urged the installation of a signal light at the intersection of West Seventh avenue and Sixteenth street. He also urged the repainting of the parking lines on downtown streets.

Extra Fireman

A motion by Commissioner McKinney to authorize the Commissioner to hire an extra man and still remain within his budget if a needed truck was not purchased until the next fiscal year. The mayor also informed the commission that under rules adopted by the Council at the last session, the material allowance on the waterworks project had been reduced from over \$10 to \$8 per man-month because construction had not started until January 1, making the work cost the city in excess of \$6,000 above the original estimate.

warfare in the House of Commons discussion. Cross said Germany already was "in something like the same economic stress she was in after two years of the last war." And, he added, "we look forward to the day when we shall see that Germany's economic life that it can no longer sustain her war effort."

Cross said trade agreements had been concluded or were being concluded with 14 neutrals. Many Blackout Fatalities. LONDON, Jan. 18.—(P)—Blackout fatalities, which have exceeded the war casualties of all British fighting services, will be the subject of debate in the House of Commons next Tuesday, Prime Minister Chamberlain announced today.

Ministry of transport figures published Monday showed that in the last four months of 1939 a total of 4,133 persons were killed in traffic accidents as compared with 2,494 during the similar period for 1938.

QUAKE

(Continued From Page One)

The inhabitants in their flight against cold, disease and hunger. London Report. LONDON, Jan. 18.—(P)—A Reuters (British news agency) dispatch from Istanbul today said that 80 persons were reported killed and 150 injured in two violent earth shocks in the Nigde district in southern Turkey. Nigde is a city about 200 miles southeast of Ankara and about the same distance southwest of the area which was hit on Dec. 28 by a quake in which 30,000 perished, according to official estimates. Nigde is capital of a Valayet, Province, of the same name with a population of 247,000.

Numerous Influenza Cases Reported At State Home Thursday

Approximately 150 cases of flu and bad colds are reported at the State Home. None of the children are reported seriously ill and extra precautions are being taken to prevent further spread of the diseases. Several cases of flu and colds were also reported at the IOOF Home but all were said to be improving Thursday morning.

Small Roof Blaze

A small roof blaze caused a run for the fire department to 703 North Fourteenth street about 6 o'clock Thursday morning. Only slight damage resulted.

COUNTY COOPERATIVE COUNCIL, ORGANIZED AND OFFICERS NAMED

Navarro County Cooperative Council was organized at a meeting held here this week of officers and directors of the active county farmer cooperatives, it was revealed Thursday. Officers selected were: F. M. Copeland, Pearsley chairman; W. E. Farmer, Emhouse vice, chairman, and H. C. Robinson, county agent, secretary.

Organizations represented include the cooperative of Kerns, Emhouse, Eavry, Furdon and Law, and the rural electric co-op. The council will serve as a clearing house of information concerning problems of mutual interest to the various farmer co-operatives of the county, it was stated.

COMMISSION

(Continued From Page One)
from the city limits to the sewage disposal plant. City Engineer W. V. Mowman reported little of the salvaged pipe would be suitable for the project and could be more advantageously used for low pressure purposes about the disposal plant.

To Prepare Plans. After some discussion the engineer was instructed to prepare plans and necessary data for making a WPA project of a new line to the plant, after it had been brought out, more work was needed in plant operations and to serve customers in that section of the city.

Marvin Nichols, consulting engineer, explained the various water main surveys made, and recommended the shortest route. A motion by Commissioner W. E. McKinney to officially adopt the recommendations and designate the route for the line was unanimously adopted.

Commissioner McKinney also urged the installation of a signal light at the intersection of West Seventh avenue and Sixteenth street. He also urged the repainting of the parking lines on downtown streets.

SHIPPING

(Continued From Page One)
Good into port for repairs were good until 8,000 tons of soy beans were swelled three times their size by sea water. Even the steel sides of the vessel couldn't stop the swelling. The plates burst and the Canada sank in shallow water where later it was cut in two when another ship rammed it.

Captain Knudsen came to San Francisco in command of the liner Amerika. Many of his crew from the Canada were with him.

STOCKHOLM, Jan. 18.—(P)—

The 2,342-ton German steamer August Thyssen sank this morning off the Aland Islands at the mouth of the Gulf of Bothnia, after striking a mine believed to be Swedish. The crew took to the boats which, at midday, were drifting southward, surrounded by masses of broken ice. A Swedish warship was trying to reach the survivors.

LONDON, Jan. 18.—(P)—Reuters, British news agency, reported today that the 803-ton Danish steamer Olga was wrecked on the rocks of southern Norway near the Torungen lighthouse. The crew of 18 reached Arendal four hours after the ship went aground.

Thirty Rescued.

BERLIN, Jan. 18.—(P)—German authorities announced today that four officers and 26 men were rescued by the Germans from the British submarines Starfish and Urdine, downed in Heigoland and Bight Jan. 15.

(The British authorities announced yesterday that a total of 108 officers and men were missing from three lost submarines, including also the Seahorse. The German announcement indicates that the death toll was 78. The Germans have made no mention of the Seahorse.)

FINNISH LOAN

(Continued From Page One)
Friends of Garner said he believed a further advance to this country's neutrality policy and might lead to other commitments which could get the United States deeply involved in Europe's troubles.

Garner was represented also as believing that Congress never would approve additional Finnish aid. He was said to have been gratified at yesterday's decision by the senate banking committee to defer action on the proposal and to hear the views of Secretary Hull next Wednesday.

The board of directors of the National Association of Manufacturers declared in a statement that extension of government "loans, credits or other official aid" to "any form of arbitrary force" would "tend to ultimate involvement in war."

This statement said that industry and the American people sympathized deeply with the victims of arbitrary force everywhere, and urged that "aid and aid to such victims" be extended generously but privately in each instance "such as in the case of Finland today."

Led In Raising Of Funds For Monument Fifty Years Ago

In "Fifty Years Ago Today It Happened," Dallas News feature Thursday, the following article appeared:
Capt. S. J. T. Johnson accepted the chairmanship of a committee at Corsicana to raise funds for a Confederate monument in that city.

Mexican Arrested Connection Theft Eight Horse Collars

A Mexican was arrested Wednesday by Deputy Sheriffs George T. Brown and Jeff Spencer in connection with the alleged theft of eight horse collars from the Fortson farm near Rice.

Four collars were recovered, officers said, and the other four had been sold.

Relief At Last For Your Cough

Even if other medicines have failed you may get relief now with Creomulsion. Chronic bronchitis can develop if your chest cold is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. See that the name Creomulsion is on the bottle and you will get the genuine and the relief you want.

VALUE OF PASTURE IMPROVEMENT SHOWN BY BARRY FARMER

GLEN BELL CHANGES POOR PASTURE INTO AN EXCELLENT GRAZING AREA

The value of a pasture improvement program that has been carried out on 95.5 acres of old pasture is demonstrated very well on the Bell and Fallon farm, located about two miles northeast of Barry, soil conservation officials of the local CCC camp state. Glen Bell is the operator and before the pasture improvement program was begun the pasture was a very poor grazing area. It was overgrown with weeds and brush which furnished very little grazing for his livestock. Mr. Bell realized that the best way to get grass to grow in his pasture was to make conditions unfavorable for weed growth. In addition to the undesirable plants causing poor quality milk and wool, they also helped shade out the desirable grasses and reduced the carrying capacity of the pasture. They used moisture and plant food which could be used to grow palatable grasses.

The shade of the trees, brush and weeds prevented the bermuda grass from spreading or producing very much grazing and from the standpoint of income to the farm this tract of land was not turning a profit.

With the assistance of technicians from the department of agriculture at the Corsicana camp, Mr. Bell began his pasture improvement program. This pasture improvement involved some tree and brush clearing each year and the mowing of weeds at regular intervals. In order to fully utilize his pasture and as an additional weed control measure, Mr. Bell secured some sheep. He placed one hundred and thirty-two sheep on the pasture in January of 1939 and left them there until May, at which time he sold one hundred and five, keeping twenty-seven through July. These sheep not only assisted in the starting and maintenance of the pasture but proved to be a profitable project.

In addition to this 95.5 acres of old pasture, Mr. Bell is now establishing another pasture on 8.5 acres of land that had previously been in cultivation but was really a place to discharge terrace water from an adjoining cultivated field. The land retired to pasture was sodd to bermuda grass and has a fibrous root system which is effective in reducing surface run-off and soil losses and will prevent gully in the terrace flow line.

Rotates Grazing
Mr. Bell has also crossed fenced the pasture so as to rotate grazing. Two of the cultivated fields are fenced in order to make possible the grazing of strips and crop residue. Mr. Bell stated that a very good practice. Two temporary pastures, containing 6.8 acres which Mr. Bell plants in oats and sudan grass, provide grazing at times when the pasture grasses are dormant. Since Mr. Bell began his pasture improvement and development program he had added 17 hereford cows, 16 feeder calves, and 2 milk cows to his livestock and plans on increasing this number and plans on increasing the carrying capacity of his pasture.

Powell Youth Is Named Secretary Of District F. F. A.

T. L. Murdock, Jr., 13-year-old vocational agricultural student of Powell high school was selected to act as secretary of this district at a F. F. A. meeting here Monday night, Jan. 8. Powell was nominated as secretary at a meeting of local and officers training school in Corsicana, Saturday. The students have selected T. L. to represent them as their secretary. Recently T. L. won a young authors contest by entering a story he had written. The prize was \$1,000 which he plans to use in giving himself an education. A short time before he won another contest by reading 262 selected library books. His agricultural project is turkeys and hogs.

County Judge, To the Citizens of Navarro County:

I take this method of formally announcing my candidacy for reelection as your county judge, subject to the action of the Democratic primaries.

During the time I have served you as county judge, I have at all times tried to conduct the affairs of the office in an honest, economical and efficient manner, and to merit your confidence in placing me in this post as your servant. I sincerely believe that with my past experience as your county judge and presiding officer of the commissioners court I shall be able to more efficiently serve you in the event that you see fit to return me to this office. I wish to thank all the people of Navarro county for their past favors, and hope that I have so conducted myself that you will again see fit to support me with your vote and influence.

Sincerely,
PAUL H. MILLER,

HEALTH, BEAUTY AND POISE

By VERONICA DENGEL

PET PEEVES.

I have some pet peeves—and I'm sure you could add a lot more to this list—and these things particularly annoy me, because every one of them is just a careless habit which could so easily be overcome with a little effort. Sometimes, most times, people do these things, or say these things, not because they do not know better—but because they just don't bother. I truly think that mental laziness—and if any of these silly habits, or careless manners are yours—away with them! Catch yourself the next time they occur, make the correction then and there—and before you know the new way will be your way! People who say, "You was"—instead of "you were." And people who say, "Between you and me," instead of "Between you and me." And people who say, "You ain't"

Tyson Will Be Speaker at Baylor Alumni Luncheon

WACO, Jan. 18.—(AP)—Tom M. Tyson, Corsicana attorney, will be an after-dinner speaker at the alumni luncheon conference of Baylor University's Founders Day, Feb. 1, it was announced today by the Baylor Ex-Students Association.

The Founders Day program, observing Baylor's 50th birthday, will be centered around dedication of \$250,000 Pat Neff hall and the \$15,000 Cullen F. Thomas carillon in the hall's 150 foot tower.

Let me hear from you if there are questions of this sort which trouble you, and you just haven't known how to get a solution. I should be glad to help you—especially the younger girls who are just starting their social contacts.

News of County Home Demonstration Clubs

Pursley 4-H Club.
This year we want to plant some other vegetables than green and yellow and want to get the best variety and make out our plans for 1940 as soon as we can," said Miss Clara E. Rettiger to the Pursley 4-H Club girls, January 11 in the school auditorium.

"Some of the vegetables that you do not see often or do not plant, are cauliflower—the Snow Ball; Cabbage—the Green Striped; Egg Plant—Florida Highland; Squash—the Acorn. Here are some that are better known to us: Corn—the Sweet Honey June; Beans (dried)—the Refugee; Beets—the Ohio Canner; Cucumbers—the Early Wonder; Onions—White Spanish or Bermuda. There may be other varieties you prefer that are as good as these, but these are some better known ones."

We received our new 1940 year

books and sketches over them with Miss Clara and Mrs. Payne, our sponsor. We have each decided to have something finished at a meeting that we have every second and fourth Thursday. Those that were present and gave their Now Year's resolution toward their club were: Rose Mary Cooper, Dorothy Ellis, Mary Alycon Lashley, Billy Francis Hellums, Jera Jean Burns, Zera Lomela Lashley, Imogene Shell, Alma Jennell Dowd, Dial Lashley, Genett Benniefield, Billie Gwendolyn Stiles, Miss Rettiger and Miss Payne, our sponsor.

Corbet Club.
Credit of \$1.50 will be given for a home garden grown on the farm for each landlord, tenant, sharecropper family on the farm. Mrs. Marvin Farmer told the Corbet Home Demonstration Club women at their meeting in the home of Mrs. M. E. Roman, Tuesday Jan. 17.

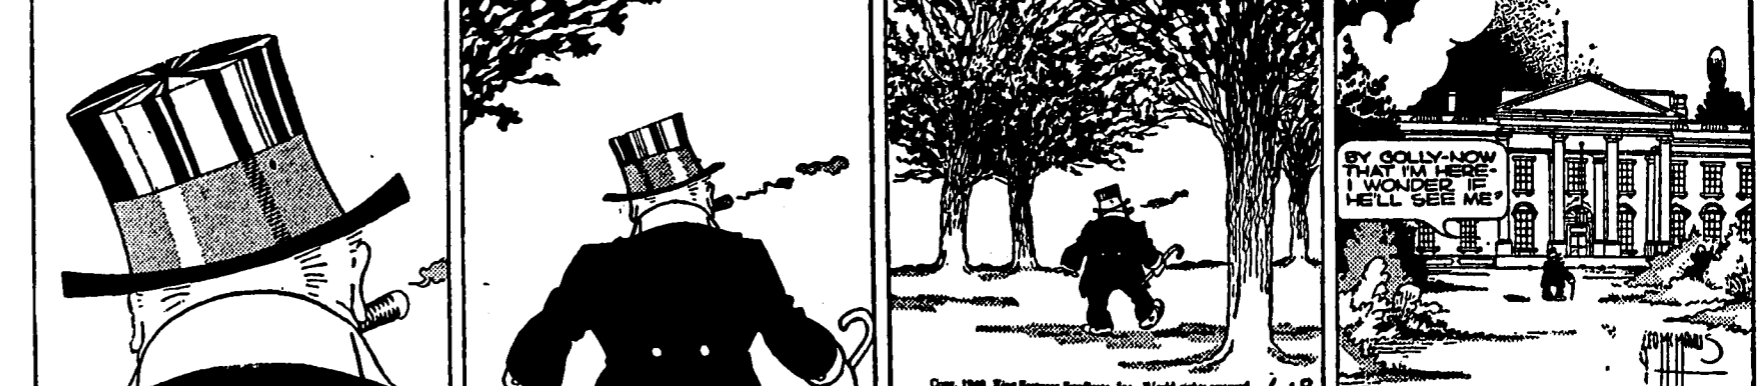

Mrs. Farmer continued her

discussion by saying that the garden planting shall consist of at least 10 different kinds of vegetables; that the total area shall not be less than one-half acre; that the area devoted to any one vegetable shall not exceed one-third of the garden acreage. Mrs. Farmer was assisted in giving this program by Miss Pauline Tucker, whose subject was "What Do Vegetables Provide?" Mrs. O. K. Vinson, who discussed "Varieties of Vegetables," Mrs. Sam Tucker, whose talk was entitled "A Good Home Gardener."

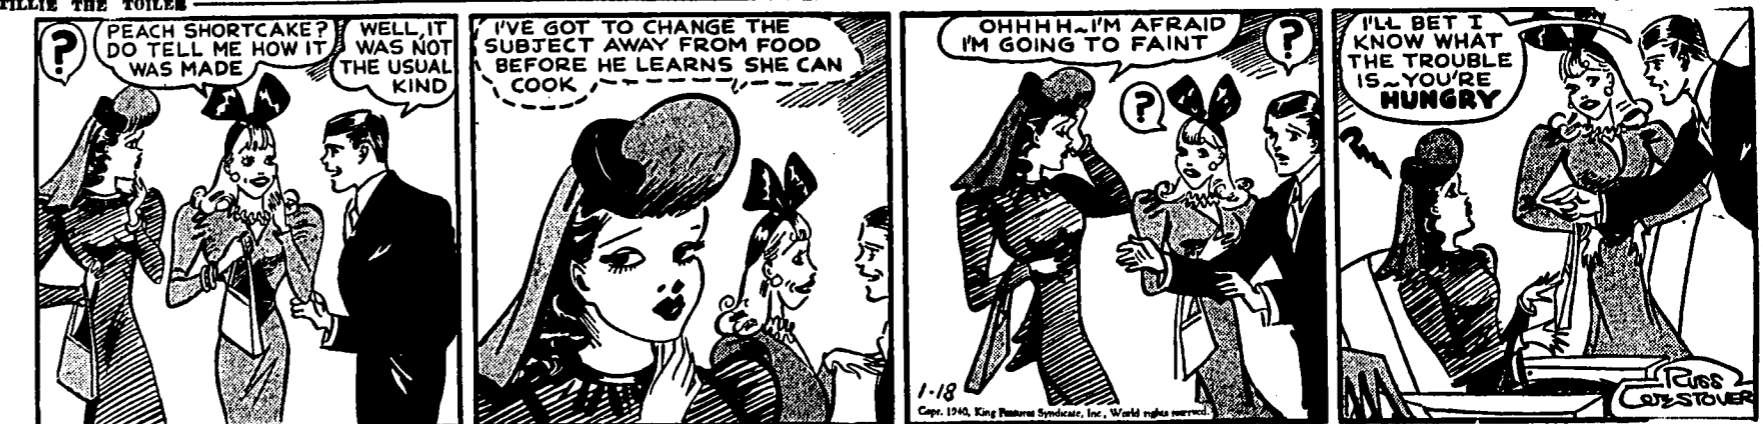

At the conclusion of this program, Mrs. Roman, assisted by Mrs. C. E. Osborne and Mrs. Vernon Richardson, served refreshments, consisting of hard sandwiches, cookies and hot cocoa to 18 members and one visitor. Mrs. Harvey—Reporter.

PRESSURE ON STEELS

TOOK HEART OUT OF

MARKET THURSDAY

QUIET SUPPORT LAST HOUR

TRADING REDUCED LOSSES

SUBSTANTIALLY

By VICTOR EUBANK.
NEW YORK, Jan. 18.—(P)—A little pressure on the steel took the heart out of the stock market for a while today but quiet support in the last hour substantially reduced principal losses.

The pace was slow in the forenoon, quickening for a brief period after midday when prices were around bottom. Transfers approximated 650,000 shares. An assortment of favorites finished with modest plus signs.

Reports of dwindling mill operations in some centers cut steel stock quotations. Elsewhere there was about as much good as bad news for speculative consideration. Coppers lagged as the domestic price of the metal was shaded.

Conspicuous on the offside at the worst were U. S. Steel, Bethlehem, Anaconda, Boeing, Douglas Aircraft, Chrysler, Phelps Dodge and Union Carbide.

Minor declines in the rule for railroads, utilities, oils and rubbers. Ahead at one time Allied Chemical, Loft, American Telephone and American Tobacco.

Aluminum of American advanced in the curb. Inclined to waver were Electric Bond and Share, Jones and Laughlin and Gulf Oil.

Petty's Chapel and Alma emerged finalist in the consolation bracket of the annual YMCA girls invitation tournament Wednesday night by virtue of wins over Mildred and Dawson respectively, on the association courts.

Petty's Chapel nosed out a fighting Mildred team 13 to 11, while Alma registered a decisive victory over Dawson in the score of 17 to 6. Emmett Independent boys' team emerged victorious over the Dr. Pepper boys 43 to 40 in an exhibition contest.

"Fat Stuff" Was

Martyr Science In

Westbury School

WESTBURY, N. Y., Jan. 18.

(P)—"Fat Stuff," erstwhile 37-pound pig who started going to school three months ago and was raised by a science class to a 140-pound porker, today was a slayway martyr to education.

His usefulness as a lesson in pig culture ended, he was examined yesterday by government inspectors, who lectured the children on the importance of food inspection.

Then a school janitor slaughtered him in the school yard in full view of between 300 and 400 students; attendance was optional.

Fourthly, a science teacher dissected the pig as biology demonstration.

The carcass was then taken to the home economics classroom for a lesson in meat purchasing. And, finally, "Fat Stuff" will be served in the school cafeteria.

Petty's Chapel and Alma emerged finalist in the consolation bracket of the annual YMCA girls invitation tournament Wednesday night by virtue of wins over Mildred and Dawson respectively, on the association courts.

Petty's Chapel nosed out a fighting Mildred team 13 to 11, while Alma registered a decisive victory over Dawson in the score of 17 to 6. Emmett Independent boys' team emerged victorious over the Dr. Pepper boys 43 to 40 in an exhibition contest.

EMHOUSE-AVALON

WON FIRST PLACES

AT BLOOMING GROVE

BLOOMING GROVE, Jan. 17.

(P)—Emhouse girls and Avalon boys basketball teams crashed through to win the championship of their divisions in the annual invitation finals here Tuesday night.

The Emhouse lassies defeated the Byrd six 23-20 in a hotly-contested battle. Barry girls earned third place in the standings in the consolation match over the Elynn six 23-8.

Avalon boys outlasted the Barry boys, 31-25, in that titanic mole while Dawson won the third place trophy with a 24-19 victory over Rickard.

The first, second and third place winners were awarded trophies as well as the all-tournament selections.

There were forty-two teams from Henderson, Ellis, Navarro and Hill counties entered in the competition that started last Wednesday night.

Family Christmas Tree Week Late In J. F. Walker Home

STAMFORD, Jan. 18.—(P)—The family Christmas tree was a week late at the J. F. Walker home.

The Christmas observance was delayed to welcome home Welder Walker, a Texas A. and M. graduate, from more than two years foreign service with a geographical crew in Egypt and India.

Walker experienced "black-out" every night on the British boat from Rangoon to Singapore. He sailed via Sydney, Australia, on a Dutch boat thence to Los Angeles, arriving by train in Abilene Dec. 29, where his family and friends from Stamford welcomed him. His bagful of gifts and curioes from many countries were opened at the Walker home.

Few effects of Europe's war were visible in the area in which Walker was stationed, although, he said, some strategic British points had been camouflaged as a safety measure.

FISH PRODUCTION

STATE HATCHERIES

SHOWS INCREASE

AUSTIN, Jan. 18.—(P)—Fish production in the ten hatcheries maintained by the Texas Game and Fish and Oyster Commission increased nearly 2,000,000 in 1939 over the 1938 crop of fingerlings, final reports of production from hatchery superintendents to the executive secretary of the game department show. The total production for 1939 was 5,212,288 as compared with 3,306,996 the previous year.

The Heart of the Hills hatchery near Nattalia led in the distribution of fish in 1939 with a total of 785,817, the Dundee hatchery second with 679,786 and the Tyler hatchery third highest in production with a total of 642,210. Other reports: Lake Dallas, 621,185; Clark, 549,200; Huntsville, 540,083; Jasper, 513,325; San Angelo, 480,400; Olmito, 198,545 and Medina, 191,657. The new Medina hatchery, in production for the first time, had only four ponds ready for use.

Twelve species of fish were raised in the state hatcheries in 1939. They are channel cat, largemouth black bass, smallmouth bass, spotted or Kentucky bass, red ear bream, warmouth bass, rock bass, green sunfish, bluegills, long-eared bream, white crappie and black crappie.

Less than 15 per cent of the total production of fish raised by the state hatcheries went into private lakes and streams in 1939, the executive secretary announced.

Decree Powers Voted.
ANKARA, Turkey, Jan. 18.—(P)—The National assembly voted decree powers for the government today for use if war threatens.

Business Service
Mattress Makers

HOUSTON, Jan. 18.—(P)—Investigators poked about the ruins of the Salvation Army social service center today, seeking the cause of the fire in which four men died yesterday.

Area Investigator Clell Thorpe said it was his unofficial opinion that old newspapers, magazines and rags stored in the rear of the first floor of the two-story structure were ignited in some way—"the cause of the fire," he said.

Major Albert Baldwin, regional supervisor of the organization's social service institutions, arrived by plane from Atlanta, Ga., to aid in arranging for a substitute structure.

At least 16 survivors of the fire will be sheltered at the Salvation Army's men's lodge until another building is located.

It is the easiest death they could die, easier than being machine-gunned and more pleasant than being bombed. They simply fall asleep and after that whatever happens is not their business.

The Finns have welcomed the coldest weather in 25 years. They have reason to believe that their country is safe, and are well prepared for it than their foe.

Finland's soldiers and civilians must and do endure hardships unparallelled in any other country. No one thing appears certain—they won't weaken for lack of food.

This correspondent has eaten Finnish food across Finland from the Gulf of Bothnia to the Gulf of Finland. It is a war zone, taking food as it comes, and nowhere, whether in city, town or village, is there any plentiful or varied food. In fact, if you are afraid excitement, did he find anything but good food and plenty of it.

The reason for this is that Finland was a big exporter of foodstuffs until hostilities began, particularly butter and bacon. Now there is a surplus which means that the army and the people against

WASHINGTON, Jan. 18.—(UP)—Chairman Vinson (D.-Ga.) of the house naval committee proposed a \$500,000,000 cut today in the pending \$1,000,000,000 fleet expansion program, eliminating 34 projected new destroyers.

At the opening of today's session, Vinson announced he would ask the committee to approve a reduction in the total tonnage of the proposed expansion from 400,000 tons to 218,000 tons.

He said the bill as thus revised still would authorize three additional aircraft carriers, of approximately 25,000 tons each, an unspecified number of cruisers and 34 submarines.

It also plans the specified number of ships to be built would be left to the navy's discretion within the tonnage authorized. In that connection, he said the bill would permit to build four cruisers of 27,500 tons each as compared with the present limit of 10,000 tons.

Larger cruisers have been advocated by the admirals of Germany's "pocket-battleships."

WASHINGTON, Jan. 18.—(AP)—In the presence of President Roosevelt, officials high in the government and friends, Frank Murphy, new associate justice of the supreme court, took the oath of office today. At the same time Robert H. Jackson was sworn in as attorney general.

The ceremony took place in the

oval room where the president was having his study on the second floor of the White House.

Murphy moved up to the supreme court from the position of attorney general and Jackson signed and gave him a one-time governor of Michigan.

The oats were administered by Stanley Reed, associate justice of the supreme court.

"The oats were subjected to a touch of humor by having Murphy and Jackson sign a certificate swearing they did not pay any money for their jobs or promise to pay any."

In a statement issued last night on the eve of his departure from the justice department, Murphy denounced "insinuations" that he had suppressed a public protest against Mayor Kelly of Chicago, Mayor Hague of Jersey City and other political leaders.

"I have not suppressed and juried or otherwise," he said, "have been

pressed against political leaders without regard to their party, their power or their influence, for the violation of federal laws whenever the department has been asked to conduct a criminal prosecution. There has been no criminal prosecution on the persons above referred to because there is no evidence in the department to warrant such prosecution.

"The department has no authority to investigate or prosecute the investigation of any laws other than federal laws."

Mid-Term School Exams.

KERENS, Jan. 18.—(Spl.)—The Kerens schools, both the high and grammar, are taking mid-term examinations, January 18th and 19th, after which, mid-term report cards will be issued the following week.

—The announcement of Supt. G. H. Wilemon.

Davies, outstanding Texas Mason died today. He was 78.
 A native of Wales, Davies served with the British navy and American army and came here 51 years ago. For 21 years he served under nine Orange mayors as city secretary and clerk. He was a 33rd degree Mason.

Funeral services with notable Texas and Louisiana Masons attending will be held tomorrow afternoon.

Conservation Checks.
 Benefits received by Navarro county farmers for 1938 conservation compliance reached \$57,799.14 Thursday when 47 checks amounting to \$3,878.07 were received.
